

STELLINOX
GLOBAL PVT. LTD.

**Stainless Steel Products
Supplier in India**

About Stellinox Global

Stellinox Global Pvt Ltd is a leading stainless steel manufacturer committed to delivering high performance, precision engineered products for industrial applications. With a focus on quality, durability, and innovation, we serve diverse sectors with reliable solutions built to last. Our commitment to excellence ensures consistent performance, long term reliability, and complete customer satisfaction across every project.

Our Mission

To deliver high quality, precision engineered stainless steel solutions that ensure durability, performance, and reliability across industries. We are committed to innovation, superior material standards, and customer focused service that adds long term value to every project we serve.

Our Vision

To become a trusted global leader in stainless steel manufacturing, recognized for excellence in quality, advanced engineering, and sustainable practices setting new benchmarks in strength, performance, and innovation.

Our Products

High performance stainless steel solutions
for diverse industrial needs.

PIPES

- ✓ High strength industrial pipes
- ✓ Corrosion resistant
- ✓ Long service life

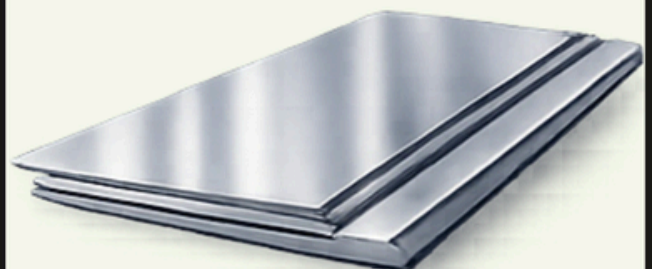

TUBES

- ✓ Precision engineered tubes
- ✓ Smooth surface finish
- ✓ Accurate dimensions

FIT TINGS

- ✓ Leak-proof performance
- ✓ Easy installation
- ✓ High durability

SHEETS

- ✓ Premium quality sheets
- ✓ High strength
- ✓ Multiple thickness options

Stainless Steel Pipes & Tubes

- We offer a wide range of high-quality stainless steel pipes and tubes, designed for durability, precision, and superior performance across various industrial applications.

Our Range

Available Sizes

Outer Diameter: 6mm to 320mm

Thickness: 0.5mm to 20mm

Length: Up to 12 meters

Available Forms

Round Pipes/Tubes

Square Tubes

Rectangular Tubes

Grades & Specifications

Grade

304 / 304L	ASTM A312/ASTM A213
316 / 316L	ASTM A249/ASTM A358
202	ASTM A554

Product Features

- ✓ High strength and corrosion resistance
- ✓ Precision-engineered and accurate dimensions
- ✓ Available in welded and seamless forms
- ✓ Custom sizes and finishes available

Stainless Steel Fittings

➤ We provide a comprehensive range of high-quality **stainless steel fittings**, designed for secure connections, durability, and **efficient flow control** in various industrial systems. Our fittings are manufactured with **precision** to ensure **leak-proof** performance, high strength, and **long service life**.

Product Features

Leak-Proof Performance

Ensures safe and secure connections in piping systems

High Strength & Durability

Withstands high pressure and harsh conditions

Precision Fit

Accurate dimensions for easy installation

Corrosion Resistant

Suitable for long-term industrial use

Smooth Finish

Improved flow efficiency and reduced friction

Types of Fittings

-  Elbow (45° / 90° / 180°)
-  Tee (Equal & Unequal)
-  Reducer (Concentric & Eccentric)
-  Coupling
-  Union
-  Cap & Plug

Available Materials / Grades

SS 304 / 304LSS
SS 316 / 316L
SS 202

Applications

-  Chemical Industries
-  Oil & Gas
-  Pharmaceuticals
-  Food Processing
-  Water Treatment Plants

Commitment to Quality

➤ At Stellinox Global Pvt. Ltd., we are dedicated to delivering superior stainless steel products by maintaining the highest standards of quality and precision. Our advanced processes and strict inspections ensure reliability, durability, and consistency in every product.

Quality Assurance & Control

Strict Inspection Process

Every product undergoes multi-stage inspection to ensure accuracy and performance.

Advanced Testing

Modern testing methods for chemical, mechanical, and dimensional analysis.

Certified Standards

ISO-certified processes ensuring global quality compliance.

Continuous Improvement

We constantly upgrade our systems to deliver better results and innovation.

Our Quality Strengths

ISO Certified

Ensuring quality management excellence

Premium Materials

Sourced from trusted suppliers

Precision Engineering

High accuracy in manufacturing

Global Standards

ASTM, ASME compliant products

APPLICATIONS

➤ At Stellinox Global Pvt. Ltd., our high-quality stainless steel products are engineered to perform in demanding industrial environments. We serve a wide range of industries by providing durable, corrosion-resistant, and precision-engineered solutions. Our products are trusted for their reliability, strength, and long service life across critical applications.

Serving Diverse Industries

Oil & Gas

High-performance piping for extreme pressure and harsh conditions.

Chemical & Petrochemical

Corrosion-resistant materials suitable for handling aggressive chemicals and processes.

Food & Beverage

Hygienic stainless steel solutions ensuring safety and compliance with food-grade standards.

Pharmaceutical

Precision-engineered products meeting strict cleanliness and regulatory requirements.

Power Generation

Reliable components built for high-temperature and high-pressure operations.

Water Treatment

Rust-resistant systems for purification and distribution.

**DELIVERING RELIABLE STAINLESS STEEL SOLUTIONS
FOR EVERY INDUSTRY**
